

Professional Intervision

Intervision is the perfect way to learn from each other as professionals.

Participants learn to coach each other in daily problems. In the module we train to postpone your judgment and not to give unsolicited advice. How to support each other by asking helpful questions in each personal casuistry.

In the half-day intervion meetings, experiences, viewpoints and ideas are shared based on current cases. The intervion case is concluded by a personal follow-up and improvement steps are planned. Intervision broadens your handling repertoire so that you can work more energetically and effectively as a professional.

Preferably a case is sent to each trainee before the training start and an appropriate intervion method is chosen in consultation with the facilitator. In every cycle, each participant brings in a case.

The first meeting we discuss and agree on the rules during the intervion-sessions. We practice in asking helpful questions.

YES Human Factors Ltd does this with the help of very experienced facilitators with a background in management (operational and HR), psychology, organisational development and change management. The practical experience of decades comes from different organizations, like Siemens, Royal Air Force, KLM, Martinair, Ministry of the Interior, police etc.

YES Human Factors Ltd provides training within the next market segments: health care (hospitals), coastguard, process industry, IT, safety regions, banks and aviation.

We kindly invite you to participate in this interactive, practical and inspiring program.

Han van der Meer and Jean-Pierre Kahlmann,
Partners YES Human Factors Ltd

Professional Intervention

Professional Intervention is specially designed for professionals and managers who want to grow in their organisation and contributes to a safe, effective and efficient working environment.

Description

The training provides insights to the participants, but also provides tools for effective performance in a, sometimes complex, working environment.

Programme (per meeting)

09.00 Welcome with coffee
09.30 Creating a clear picture of the case*.
10.00 Background of the case
11.00 Break
11.15 Re-evaluation of the case
11.40 Formulation of new working method
12.10 Evaluation and conclusion
12.30 End

* If a case has been dealt with before, it will be discussed briefly in the following sessions.
